MULTICUT 160

GEARBOX WARRANTY 7 YEAR GEARBOX WARRANTY

A heavy-duty vegetation control solution. With a 1.6 metre width, you won't find a tougher compact machine.

Three 12mm thick blades confidently cut and mulch scrub up to 100mm in diameter. Alternatively, opt for the chain kit when you have rocky terrain. Keeping stones in place, you'll avoid blade damage too.

Powered by our 165hp (123kW) gearbox (backed by a 7-year warranty), maximise your productivity in demanding environments.

- Compact machine ideal for challenging scrub.
- Choose between 12mm blades or chains.
- Work faster with our 165hp (123kW) gearbox.
